Note: “Low location accuracy” indicates that the application is located in the wider vicinity of the site or located at one of the multiple sites supplied.

Large applications relate to those developments with an estimated value of over £100,000. Small and Minor Applications are those with an estimated value below £100,000, with Minor relating specifically to very minor works such as single storey extensions, conservatories, porches, signs and carports.

#### Power, water, telecoms, waste

| Address: Osprey Road, Sowton Industrial Estate, Exeter, Devon, EX2 7XX, Distance: 270m, Reference: Not Supplied, Date: Not Supplied, Type: Refurbishment or Repair, Location Accuracy: Approx, Decision: - | 8       | 250-300m      | NE        |

#### Catering

| Address: S F Robertson Limited, 23 Bittem Road, Sowton Industrial Estate, Exeter, Devon, EX2 7LP, Distance: 276m, Reference: 07/0013/03, Date: 10th January 2007, Type: Alteration or Conversion, Location Accuracy: Good, Decision: Detail Planning Granted | 9       | 250-300m      | W         |

Note: Where no application reference or date is shown, this usually means the project is at a very early pre-planning stage, or that the proposed works do not require planning permission.

Each application is given a location accuracy. The meanings appropriate to the section above are as follows:

- **'Good'** - indicating location to the actual site
- **'Fair'** - indicating location adjacent to the site
- **'Approx'** - indicating location on the road of the site, typically within 300m

For general information on this section of the report please see the Useful Information section. You may also wish to find out more about the specific Planning Applications outlined above. To do this, please refer to the Useful Contacts section, and quote the relevant application reference in any correspondence.

</table>

Note: Where no application reference or date is shown, this usually means the project is at a very early pre-planning stage, or that the proposed works do not require planning permission.

Each application is given a location accuracy. The meanings appropriate to the section above are as follows:

- 'Good' - indicating location to the actual site
- 'Fair' - indicating location adjacent to the site
- 'Approx' - indicating location on the road of the site, typically within 300m

For general information on this section of the report please see the Useful Information section. You may also wish to find out more about the specific Planning Applications outlined above. To do this, please refer to the Useful Contacts section, and quote the relevant application reference in any correspondence.

Local Development Plans

This section reports on the local development plan for your area, produced by the Local Authority. It is important to know the policies and proposals in the development plan because these steer future land use and development. We have identified the land use policies and proposals specific to your area and they are shown in the maps in this section.

The Adopted Plan has been through a public inquiry and is the Statutory Plan for your area. The Deposit Plan is the latest draft currently available, and is likely to eventually replace the Adopted Plan (although further revised drafts of the Deposit Plan may be issued at some future point before it is formally adopted). By reporting both, we give you the existing policies and proposals for your neighbourhood as well as the new policies and proposals which will apply in the future. In some instances, we report only one of the two plans.

The red numbers in the table indicate the number of 'Adopted' plans or 'Deposit' plans that have been identified on site, within 0-250m or within 250-500m respectively.

<table>
<thead>
<tr>

<td>0</td>
<td>0</td>
<td>1</td>
</tr>
</tbody>
</table>

Note:
Where a development plan policy covers an area which includes the property, it is classified as "on site" only in the above summary.

The 'Adopted' plan is the formally adopted, statutory plan for the area.
The 'Deposit' plan is the latest draft plan published by the local council.
"-" means there is no plan of that type for the search area.

If there are any of the following designations on your property these will affect your development rights, and you may also be affected if they fall close to your boundary. You can find out more from your local authority, details are given in the Useful Contacts section.

- Ancient Monument Sites
- Area of Archaeological Importance
- Area of Outstanding Natural Beauty
- Article 4 Directions
- Conservation Areas
- Green Belt
- National Parks
- Norfolk and Suffolk Broads
- Sites of Special Scientific Interest/Nature Conservation

If you would like any further assistance regarding this report then please contact Landmark on (Tel) 0844 844 9966, (Fax) 0844 844 9980, Email: helpdesk@landmark.co.uk
**Local Development Framework**

The Local Development Framework is a group of documents that outline how planning will be managed in your area. This section reports on the documents which form part of your local LDF, produced by your local Authority. From the available documents, we have identified the land use policies and proposals specific to your area and they are shown in the maps below. These details are used by your Local Authority to steer future land use and development.

The Adopted Plans are the statutory plans for your area. The Submission draft documents are the latest drafts currently available, and are likely to become Adopted Plans in the future (although revised drafts may be issued before they are formally adopted).

By reporting both status of plan, we give you the existing policies and proposals for your neighbourhood as well as the new policies and proposals which may apply in the future. If there are no Submission draft documents available we only report the statutory Adopted Documents (if the Local Authority has published them).

### Average Residential Property Price

The average property price in this postcode is from:

£104,584 - £114,763

The average price bands are calculated by EuroDirect using the latest available data from Her Majesty's Land Registry. They represent a snapshot in time as at the most recent date.

NB: Where a postcode comprises less than 16 addresses the information is derived from the wider postcode sector.

**Theft Insurance Claims Rating**

An insurance claims rating has been generated for theft. This rating is derived from the number of insurance claims in your postcode sector since 2000.

**Risk Rating:** Low Risk

Footnote:

As a guide an indication of the risk rating would be as follows:-

"High Risk" is a sector with more than 4 claims per 1000 households
"Medium Risk" is a sector with between 2 and 4 claims per 1000 households.
"Low Risk" reflects few claims with less than 2 claims per 1000 households.
"Very Low Risk" indicates no claims records.

The figures may be the result of one event or cumulatively over time and are indicative only. A sector may appear to have a higher risk due to repeated claims on a single property or group of properties.

The information in this Sitecheck Planning report must be read in conjunction with the User Guide, which can be found on the Landmark website.

If after reading the report you require further information, please contact the relevant organisation, listed in the Useful Contacts section. Please note, however, that the contacts are not in a position to advise how the details may affect the value of the property. You should discuss the findings of this report with your professional advisor.

Planning Applications
The raw planning application information is supplied by Barbour ABI, derived from local authority weekly planning lists.

Location
Each application is identified in accordance with the address provided by the local authority. Where this address is incomplete, an approximate location has been inferred. A location accuracy code is given for each application.

‘Good’ indicating location to the actual site
‘Fair’ indicating location adjacent to the site.
‘Approx’ indicating location on the road of the site, typically within 300m.
‘Wider Area’ indicating location within the geographical locality or road, typically within 1km.
‘Multiple Sites’ indicating that the application relates to multiple sites.

Road, Rail, Utility and Large Developments
Applications for road, rail, utility and large development often do not have definite addresses but are identified by general descriptions (eg, “Land adjacent to Haven Road”, “Kings Cross” or “Cross Rail”). It is possible the single address point reference will not be found within the search area, even though much of the actual development site falls within it.

Decisions
We track local authority decisions for large applications as "refused", "withdrawn" or "approval granted". However, if an application concerns you, we would strongly advise you to find out more from your local planning authority (see Useful Contacts section). For example, where an application is refused, it may subsequently be granted on appeal, so the indication we provide on decisions is not necessarily the final word. Also, we assume that where Barbour ABI indicate that a contract has been granted, the application has also been granted, but in a few instances this may not be the case.

Tenders
Some findings in the Planning Applications section may be shown as being a tender or contract. This usually indicates that a Planning Application has already been submitted.

Land Use Policies and Allocations
Land Use policies are derived from the proposals maps of development plans, which are produced by local authorities. Development plans go through a series of consultation stages where the plan is known as a “deposit” version. When it is “adopted” the plan becomes the statutory policy basis for the area covered.

This report includes the mapped policies of both the adopted plan and the latest deposit plan. Only the basics of each mapped policy are reported. The local development plan includes detailed explanations of all policies and proposals, many of which are unmapped and so are not included in this report. We recommend that you contact the local authority (see Useful Contacts section) if anything reported in this section is of concern to you, or if you would like further information about the development plan policies.

Land Use Policies Classifications
Land use policy classifications differ between local authorities in the way they are represented in development plans. We have standardised different types of land use and development into 10 classes for ease of use:

- Housing - Residential and other housing developments. Includes redevelopments and conversions.
- Transport - Transportation including planned corridors for new roads, minor and major road alterations and a range of cycle, pedestrian and parking policies.
- Open Land - Includes greenbelt nature conservation areas, Sites of Special Scientific Interest (SSSI), Areas of Outstanding Natural Beauty etc.
- Heritage Environment - This will often indicate a conservation area, where special development control rules will apply.
- Town Centre & Retailing - As well as urban shopping areas, this includes retail servicing areas.
- Industrial and Commercial - Includes commercial development sites, offices, warehouses, hotels, business and industry.
- Community & Social Facility - Health, education, sport, leisure, social areas and allotments.
- Waste, Pollution, Mineral, Water & Energy - Includes waste processing and utilities (including sewerage) and potential development hazard areas.
Settlement Limit - Indicates boundaries to built areas.

Other (including Mixed Use) - Areas and sites not covered by above classes. Includes mixed use and special policy areas and sites.

**Local Authorities and Council Services**

District Councils are responsible for services, which normally include housing, development planning and control, environmental health and refuse collection.

County Councils are responsible for services, which normally include education, social services, roads and highways, traffic and transportation, waste disposal sites, recycling, libraries.

Unitary Authorities are normally responsible for the services of both district and county councils. National Parks have their own statutory planning powers and responsibilities.

Many other services, however, are provided by the different types of councils stated above.

**Mobile Phone Masts**

This section identifies mobile phone masts from the website www.sitefinder.ofcom.org.uk as recorded at December 2006.

**Rights of Way**

This section shows Ordnance Survey mapping with footpaths, bridleways and other rights of ways indicated.

**Neighbourhood Information**

**Housing and Population**

This gives a breakdown of home ownership in the area (privately owned, mortgaged and rented, council or housing trust rented) and the type of housing in the area (detached, semi detached, terrace, maisonette, flat), as well as the average property price for the area; these data are provided by Eurodirect. Also within this section, the relevant local authority is provided, along with details of council tax bands and how they compare nationally (HMSO Crown Copyright Data).

**Education**

The nearby state and private primary schools, secondary schools, further and higher education establishments are listed. In England, examination performances are also reported where provided by the relevant authority. These data are HMSO Crown Copyright.

**Crime**

This section gives the relevant police force for the area, along with some selected crime statistics compared to national averages (HMSO Crown Copyright). Additionally a theft insurance claims rating is provided, this data is provided by Eurodirect.

**Amenities**

The nearest shops, restaurants, hospitals and other essential amenities are highlighted.

IMPORTANT CONSUMER PROTECTION INFORMATION

This search has been produced by Landmark Information Group Ltd, Imperium, Imperial Way, Reading, Berkshire, RG2 0TD. Telephone: 0844 844 9966, Fax No: 0844 844 9980, email: helpdesk@landmark.co.uk which is registered with the Property Codes Compliance Board (PCCB) as a subscriber to the Search Code. The PCCB independently monitors how registered firms maintain compliance with the Code.

The Search Code:

- Provides protection for homebuyers, sellers, conveyancers and mortgage lenders who rely on the information included in property search reports undertaken by subscribers on residential and commercial property within the United Kingdom.
- Sets out minimum standards which firms compiling and selling search reports have to meet.
- Promotes the best practice and quality standards within the industry for the benefit of consumers and property professionals.
- Enables consumers and property professionals to have confidence in firms which subscribe to the code, their products and services.

By giving you this information, the search firm is confirming that they keep to the principles of the Code. This provides important protection for you.

The Code's core principles

- Firms which subscribe to the Code will:
  - Display the Code logo prominently on their search reports.
  - Act with integrity and carry out work with due skill, care and diligence.
  - At all times maintain adequate and appropriate insurance to protect consumers.
  - Conduct business in an honest, fair and professional manner.
  - Handle complaints speedily and fairly.
  - Ensure that all search services comply with the law, registration rules and standards.
  - Monitor their compliance with the Code.

COMPLAINTS

If you have a query or complaint about your search, you should raise it directly with the firm, and if appropriate ask for your complaint to be considered under their formal internal complaints procedure. If you remain dissatisfied with the firm’s final response after your complaint has been formally considered, or if the firm has exceeded the response timescales, you may refer your complaint for consideration under The Property Ombudsman scheme (TPOs). The Ombudsman can award compensation of up to £5,000 to you if it finds that you have suffered actual loss as a result of your search provider failing to keep to the Code.

Please note that all queries or complaints regarding your search should be directed to your search provider in the first instance, not to TPOs or to the PCCB.

TPOs Contact Details:
The Property Ombudsman Scheme
Milford House
43-55 Milford Street
Salisbury
Wiltshire SP1 2BP
Tel: 01722 333306
Fax: 01722 332296
Email: admin@tpos.co.uk

You can get more information about the PCCB from www.propertycodes.org.uk.

PLEASE ASK YOUR SEARCH PROVIDER IF YOU WOULD LIKE A COPY OF THE SEARCH CODE
COMPLAINTS PROCEDURE

If you want to make a complaint, we will:
- Acknowledge it within 5 working days of its receipt.
- Normally deal with it fully and provide a final response, in writing, within 20 working days of receipt.
- Keep you informed by letter, telephone or e-mail, as you prefer, if we need more time.
- Provide a final response, in writing, at the latest within 40 working days of receipt.
- Liaise, at your request, with anyone acting formally on your behalf.

Complaints should be sent to:

Head of Customer Relations
Landmark Information Group Ltd
Landmark UK Property
Imperium
Imperial Way
Reading
RG2 0TD

Telephone: 0844 844 9966
E-mail: helpdesk@landmark.co.uk
Fax: 0844 844 9980

If you are not satisfied with our final response, or if we exceed the response timescales, you may refer the complaint to The Property Ombudsman Scheme (TPOs): Tel: 01722 333306, E-mail: admin@tpos.co.uk.

We will co-operate fully with the Ombudsman during an investigation and comply with his final decision.
