The Planview Report provides a comprehensive planning overview for your client's commercial property transaction. Groundsure uses market leading data from Glenigan – the UK authority on historical and current planning data. The report has been redesigned with new features, improved layout and design for clearer navigation improving workflow for Property Lawyers.

Planview now includes an Air Quality section which details whether the site is located within an Air Quality Management Area, as well as information about Modelled Air Quality Readings (published by Defra). The report has a clear front page summary with recommendations provided on the next page. Advanced data filtering returns only information relevant to the transaction, resulting in no blank maps or empty tables and fewer pages, streamlining workflow.
