Severn Trent Searches has been providing quality conveyancing reports and outstanding customer service for almost 20 years.

Besides producing the official CON29DW drainage and water enquiry, we offer a comprehensive range of reports for both residential and commercial properties.

### Commercial Basic

The Commercial Basic Drainage & Water search is ideal for small businesses and plots under 100m². The search comprises all the information in our CON29DW, including the location of public mains, connection status and billing information, but with liability cover up to £2 million.

£96.00 + VAT / £115.20

### Commercial Standard

Commercial Standard is the perfect search for any property up one hectare, and comes with liability cover up to £5 million. Containing all the questions and answers found in the Commercial Basic, but with information on trade effluent and additional water meters where applicable.

£131.00 + VAT / £157.20

### Commercial Extra

Our premium drainage and water search, containing all the information found in the Commercial Standard, but with up to three sets of billing details included. The Commercial Extra is suitable for any size or type property, and comes with liability cover up to £10 million.

£261.00 + VAT / £313.20
**Local Authority Searches**

**LLC1 & CON 29R**
The official local authority search, comprising forms LLC1 and CON29R. Includes information on planning, highways, environmental health, housing, and building control issues. An additional set of optional questions (CON 29O) can be submitted if extra information is required.

*Price varies by authority. See website for full details.*

**OneSearch Direct (LLC1 & Council Search)**
Regulated search using data collected directly from local authorities. Guarantees total accuracy, covering all findings with a comprehensive Information Accuracy Warranty, and providing full professional indemnity cover.

£75.00 + VAT / £90.00

**Local Authority Highways Enquiry**
Highways searches highlight any potential access issues to a property. Whilst the standard local authority and land registry searches will show public highways and property boundaries, they don’t show any potential access problems.

*Price on application.*

**Mining and Chancel Reports**

**Coal Mining**
Details past, present, and future mining activity in the area. Highlights any fault or weakness in the surface geology and any subsidence claims in the area.

£84.90 + VAT / £101.88

**Ground Stability**
Includes all the existing coal mining and brine subsidence information, together with information and expert interpretation on natural ground subsidence hazards.

£133.96 + VAT / £160.75

**Cheshire Salt Search**
This report clarifies whether a property would be eligible for compensation, as due to brine extraction in Cheshire much of the region is at increased risk of subsidence.

from £33.00 + VAT / £39.60

**ChancelCheck**
Informs buyers about any potential liability for chancel repair, in accordance with the Conveyancing and CML Handbooks. For larger properties, we offer ChancelCheck Premium for £75.00 + VAT (£90.00).

£20.00 + VAT / £24.00
**Environmental Searches**

**Sitecheck Assess**
Identifies potentially contaminate current and historical land use within 500m of the site. Provides a professional opinion from Argyll Environmental, commenting on the impact of findings on the value of the property also confirms whether the property is likely to be deemed contaminated land.

from **£177.50 + VAT / £213.00***

**GroundSure Review**
Report based on a review of 1:2,500-scale maps pinpointing hazards. Contains a detailed flood risk assessment. Includes an expert assessment by an IEMA accredited consultant, stating whether the site is at risk of further investigation under part IIA of the Environmental Protection Act 1990.

from **£295.00 + VAT / £354.00***

**Sitecheck Planning**
Report identifies planning applications and developments within the area surrounding a commercial site. The search also includes comprehensive neighbourhood data on topics such as schools, crime rates and population demographics.

from **£115.00 + VAT / £138.00***

**Sitesolutions Commercial**
The Sitesolutions Commercial is a comprehensive environmental desktop report and contains a detailed review and write up by IEMA-accredited consultants.

from **£260.00 + VAT / £312.00***

**GroundSure Screening**
Provides a clear, low cost overview of environmental risks. Includes an expert assessment by an IEMA accredited consultant, certifying the site as suitable for purchase or in need of further assessment.

from **£175.00 + VAT / £210.00***

**GroundSure Planview**
Details a 10 year planning history of the area surrounding the property. Includes both residential and commercial planning applications, any decisions and their status and includes major infrastructure projects and locations of phone masts.

from **£65.00 + VAT / £78.00***

**Combined Searches**

**Sitecheck Combined**
Provides both an indication as to whether a site could be contaminated, and a comprehensive assessment of all major sources of flooding. Sitecheck Combined is also available with a comprehensive data pack of current and historic land use from £285.00 + VAT.

from **£225.00 + VAT / £270.00***

**Sitesolutions Combined**
Sitesolutions Combined is a premium environmental search, combining a detailed contaminated land risk assessment with a flood risk assessment.

from **£320.00 + VAT / £384.00***

**FCI Retail & FCI Commercial**
Future Climate Info offers a choice to two environmental reports. The Retail report includes environmental information such as contaminated land, MappAir® Air Quality along with flood information and ground stability data. The Commercial report offers all of this alongside Energy and Infrastructure information, including HS2, wind farms and shale gas exploration.

from **£75.00 + VAT / £90.00***
### Energy and Infrastructure Searches
