Contaminated Land

Professional Opinion

Landmark Information Group consider it unlikely that the property would be designated "contaminated land" within the meaning of Part 2A of the Environmental Protection Act 1990. Therefore, there should be no adverse effect on the security of the property for normal lending purposes. Please note that no physical site inspection or survey has been carried out or is proposed. To understand more about contaminated land and the various sources they have reviewed, please refer to the Contaminated Land section in the viewer. For further information or help, please contact your professional advisor or Landmark Customer Services on 0844 844 9966.

Landmark Contribution

By purchasing this report, the recipient may be eligible for remediation contribution of up to £250,000 if served with a Remediation Notice by the local authority. Such a notice may require the homeowner to pay for all, or contribute to, the remediation of the property. For more information see Landmark's Terms and Conditions.

Professional Opinion

Landmark Information Group have identified the property to be within an area that is at minimal or no risk of flooding.

Recommendations

1. Ask the seller and other nearby residents if flooding has historically occurred in the area. If it has, why did it occur, what was the impact and what areas were affected.

Insurance

Buildings and contents insurance should be available and affordable. However, we recommend you obtain buildings and contents insurance terms before exchange of contracts to confirm this.

Flood Risk

Flood risk is based on probability; to understand more about flood and the information reviewed, including flood protection measures, please explore the flood section of this report or visit the 'Know Your Flood Risk' website at: www.knowyourfloodrisk.co.uk.

Professional Opinion

We have identified projects that may affect the Site or nearby area. These projects could result in visual impact or noise to the neighborhood. They could also affect nearby property values; this could be a negative affect or a positive one. For instance, being near a new rail link may boost values in the local area.

Professional Opinion and Recommendations

Recommendations

The Site is within 2km of an operational or planned solar farm.

As such, you may wish to find out further information regarding the potential operations, and understand any possible effect on the Site. You could contact the Local Authority to find out if there are any planning applications to carry out any associated activities in the local area, or contact the operating company using the information within the data section provided below.

The search is limited to: High Speed 2 (HS2), Crossrail 1 and 2, Above and Below Ground Railways, Wind Farms and Turbines, Solar Farms, Other Renewable Power Plants, Areas Licensed for Exploration of Oil and Gas, Oil and Gas Drilling Wells, and the Southampton to London Pipeline. There may be other forms of energy or infrastructure developments planned in your area - contact your Local Authority for further information.

Guidance for Purchasers of the Property

This report examines whether the property is at risk from any of a specified range of environmental issues, that could affect detrimentally your use or enjoyment of the property; expose you to future liability and expense (for example, cleaning up any contamination on the property) and/or reduce the value of the property. It also details any risk of flooding to an extent or frequency that might affect adversely your ability to obtain suitable insurance cover, your use and enjoyment of the property or its future saleability. Ground instability issues as well as a specified range of major existing or planned energy or infrastructure projects (e.g fracking, HS2, wind & solar farms) that may need further investigation are also detailed where they may impact the property.

More detailed information about risks and projects affecting the property can be viewed on our web viewer. Please click on the image on the front page of this report to access the viewer or visit **https://landmarkriskview.co.uk/03ba03b6ed04-4c72-b2d8-ae412cb9a1fd**. If you are planning to make changes to the property which will require planning permission, then this is not the correct type of report. You need a SiteSolutions Residence report instead, as it considers additional risks. Please liaise with your professional adviser over how to request such a report. If you require further assistance, please call the Landmark Customer Services team on 0844 844 9966 or email helpdesk@landmark.co.uk.

Information for Professional Advisers

This report gives details of any issues that we have identified as affecting the property or located nearby, and our recommendations on what to do in relation to these issues. You are authorised to copy the recommendations on the Professional Opinion and Recommendations page into any report on title that you provide to your client.

More information about the issues is available to you and your client via the web viewer. This gives access to maps showing the location and types of data we have identified, an explanation of that data and details about the data providers, together with other information that may be of interest to your client. Please click on the image on the front page of this report to access the viewer or visit https://landmarkriskview.co.uk/03ba03b6-ed04-4c72-b2d8-ae412cb9a1fd.
