

Severn Trent Water

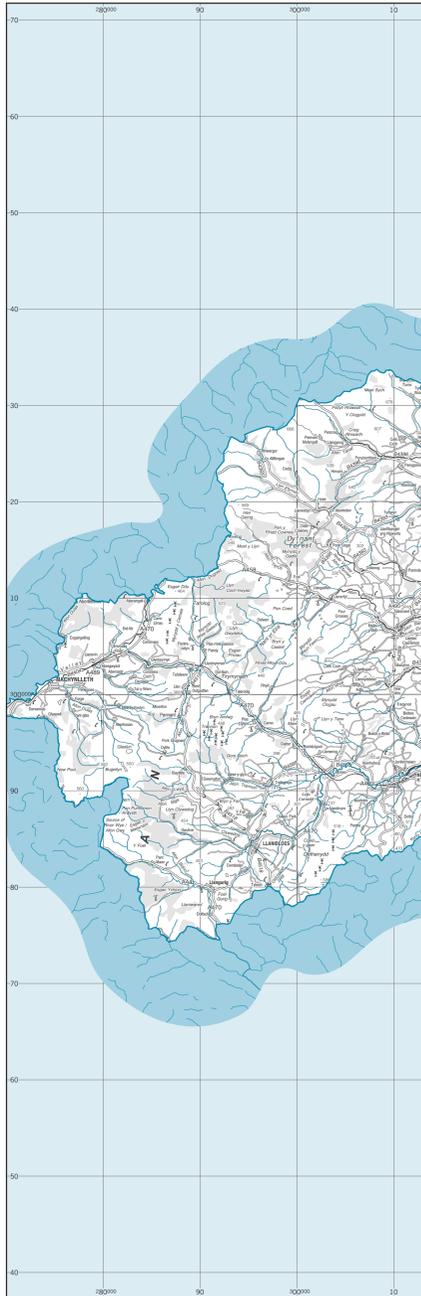

Severn Trent Plc is one of the world's leading water, waste and utility related services companies. Quoted on the London Stock Exchange and listed among the top 100 companies in the UK, the group has a turnover of more than £1.4 billion and employs over 8,000 people, primarily in Europe and North America.

Severn Trent Water Limited is the core business of Severn Trent Plc. Ranked as the fourth largest private water company in the world, the water business employs the majority of Severn Trent's total work force.

The Company supplies water to over seven million people in a water supply area of 19,000 square kilometres. From over 200 water sources and through over 41,000 kilometres of water mains, our customers are supplied with over 480 million gallons (2,200 megalitres) of drinking water daily.

On the waste water side we provide sewerage and sewage treatment services to over eight million people in an area of 21,000 square kilometres. We collect over 600 million gallons (2,800 megalitres) of waste water and trade effluents per day through over 52,000 kilometres of sewers. We treat the sewage at over 1,000 sewage treatment works and return the water safely to rivers and streams. The company also utilises sludge produced in an environmentally safe manner.

Severn Trent Water has a strong focus on the environment and has a total commitment to quality and value-for-money service.
